

Soakaway

AMF Expenditure approved at £275 plus VAT as per your note below in yellow

Cost of labour and materials on this section of works

£275.00 plus VAT

Dear Tom,

This is to confirm that the Council would like you to carry out this work as soon as possible. Please could you advise when this will be?

Kind regards

Frances

Subject: Damage

Dear Francis,

I have been asked to give an indication of the proportion of the £875.00 plus vat cost allocated to the repair of the two damaged rodding access points fitted to the borehole soakaways.

We will be excavating to a depth of approximately 400mm below finished ground level in order to reach the full extent of the damage, a new connection will be formed and brought up to finished ground level.

Cost of labour and materials on this section of works

£275.00 plus VAT

Regards

Tom Roach
